UNDERGO HARDSHIP

American Whaling Schooner is Wrecked.

SAVED BY RUSSIAN TRANSPORT

Subsisted on Salmon Which They Killed With Sticks—Had Given Up All Hope When Transport Came to Their Aid—Speak Well of Treatment.

SAN FRANCISCO, Oct. 29.—Wrecked on the rocky coast of Siberia, during a hurricane on Aug. 30, Capt. Thomas and 13 members of the American whaling schooner *Carrie* and *Annie*, were forced to undergo hardships which almost resulted in their death during a lengthy stay upon the bleak stretch of shore near Shantaraki Bay until finally a rescue was effected by the Russian transport *Litzun*, in command of Capt. Nicolas Fogt, in the middle of September.

The shipwrecked men reached this port yesterday on the steamer *Asia*. They speak in the highest terms of their treatment on the transport and

by the people of Vladivostok where they were taken. During their stay at Shantaraki Bay they subsisted on salmon which they killed with sticks. They had given up all hope of rescue when the *Litzun* came to their aid.

PRETTY GIRL THIEF.

TACOMA, Oct. 29.—The police believe that in the arrest of Edna Mann, alias Edith Mail, alias Minnie Easterly, they have captured a confirmed kleptomaniac. Miss Mann comes from Puyallup, and is only 17 years old. She is a sweet-faced, well-dressed girl, refined in appearance, with the manners of a gentlewoman. Her family are highly respectable people of Puyallup. She has been doing chambermaid work here for some time and wherever she has worked has been guilty, so the police claim, of petty thievery. Anything she could lay her hands on that was valuable or even looked attractive she took. Much of the plunder she has thus carried off is worthless to her.

With a girl named Florence Troupe, of Olympia, Miss Mann was arrested three weeks ago. The Troupe girl was sentenced to the reform school and Miss Mann was ordered to leave the city. She went to Seattle, but returned at once, and continued her career of stealing.

SIX MONTHS FOR GILLETTE.

NEW YORK, Oct. 29.—Former Vice-President Gillette of the Mutual Life Insurance Company was sentenced yesterday to six months in the penitentiary on his conviction of perjury.

HARTJE CASE AGAIN

Husband Endeavors to Have Case Re-Opened.

SAID TO HAVE NEW TESTIMONY

Supplemental Brief Filed With Copies of Love Letters Alleged to Have Been Written by Mrs. Hartje to Tom Madine, One of Co-respondents in Case.

PITTSBURG, Oct. 29.—Mrs. Mary Scott Hartje today filed in the superior court, in Philadelphia, an answer to the brief filed recently by her husband in which he requested the divorce to be reopened for the introduction of newly acquired testimony. Hartje denies all of Mrs. Hartje's allegations.

According to a report in Philadelphia, Hartje has filed a petition with the court to strike out Mrs. Hartje's answer because it is irrelevant. Hartje also filed a supplemental brief today with copies of love letters alleged to have been written by Mrs. Hartje to "Tom" Madine, one of the co-respondents in the case. These letters it is alleged by Hartje are of an incriminating character. Mrs. Hartje stoutly denies she ever wrote Madine a letter. She contends she is being harassed by paid servants in the employ of her husband. Affidavits are attached to her answer showing that Madine has been repeatedly offered large sums to turn traitor to the woman. Madine recently made a confession in Canada acknowledging an intimacy with Mrs. Hartje. He has since gone to Ireland where he has purchased a hotel.

DENIES REPORT.

NEW YORK, Oct. 29.—At the office of the Union Pacific Railway Co. in this city there was a prompt denial of the accuracy of the telegram from Omaha announcing that all construction work on the entire system has been abandoned. It was said that the discharge of the employes always took place on November 1, after the construction work of the summer was ended, because construction work in the winter was much more expensive and that this year the number of men discharged was greater because the amount of construction work to be done this summer was greater. No curtailment of business is looked for, but rather an increase.

OMAHA, Neb., Oct. 29.—The Union Pacific Railroad today discharged between four and eight thousand men from the construction department and every piece of construction on the entire system is abandoned.

RAILROADS ASK DISMISSAL.

SEATTLE, Oct. 29.—Attorneys for the defendants in the suit of the lumbermen to restrain the railroads from putting into force the 20 per cent increase on lumber rates, asked the United States district court to dismiss the proceedings on the ground that there is no jurisdiction and no service. A demurrer to the bill filed by the lumbermen asking an injunction against the increase was not argued.

ALLEGED MURDERER CAPTURED.

PORTLAND, Oct. 29.—Joe Anderson, an ex-convict with a dozen aliases, has been arrested charged with being the murderer of Engineer Harry M. Logan. Convincing circumstantial evidence has been obtained by the detectives detailed on the case. A woman, who it is alleged saw the prisoner jump from the bridge after the shooting, told her story to the officers and that with the finding of an overcoat which Anderson admits was his, gave the detectives the clew which culminated in the arrest of the prisoner today.

ITALIAN DONNYBROOK.

CHICAGO, Oct. 29.—One man was shot and fatally wounded, several others cut and battered and 12 men arrested during a riot today at Halstead and Taylor streets in which 500 Italians took part. The fight started when Charles Specilao and Angelo Goporbello, between whom a feud existed, met on the street. Specilao was shot twice and will die, friends of both men joined in the melee and in a short time a free-for-all fight was in progress. The street car lines were blocked and interrupted and it required 20 policemen to restore order.

BANKS WILL NOT CLOSE.

SEATTLE, Oct. 29.—The Seattle clearing-house association today resolved that the local situation does not call for issuance of clearing-house certificates and other emergency measures, such as most other cities have adopted. Seattle's banks have only nominal sums on deposit in New York and Chicago banks, and average between 40 and 50 per cent reserves. Local bankers claim that Seattle can take care of itself.

NEAR RACE WAR.

SAN AUGUSTINE, Tex., Oct. 29.—A force of state rangers is here awaiting developments in the intense feeling here

resulting from the killing of Jack Davis, a white man and wounding of his companion by negroes a few days ago and the subsequent finding of the dead bodies of two negroes near the scene of the shooting. Last night Captain Rogers, in charge of the rangers, telegraphed for more men.

WILL CALL EXTRA SESSION.

Possibility of Supreme Court Turning Down Direct Primary Law. OLYMPIA, Oct. 29.—If an action to be brought in the supreme court within the next week to invalidate the new direct primary law of the state is successful, Governor Mead will at once call a special session of the legislature to pass a new law to meet the requirements of the decision of the supreme court.

While no official announcement has been made by the governor to this effect, close friends quote him freely to that effect, and admit having talked with him on the subject.

One phase of the primary law—that requiring candidates for salaried offices to pay a fee—was before the superior court of Thurston county yesterday. Judge Linn pointed out to Attorney Gordon Mackay, who attacked the law on this point, that he was practically for and against the constitutionality of the law in this case, and it was then agreed that proceedings should be commenced which would bring before the court the entire act.

Judge Linn held in favor of the law on the point raised, and announced that he would hold the same way when the other questions should be presented to him today. He explained this in advance, saying that in such large questions as this, when the case was certain to be taken to the supreme court, he thought it well for the lower courts to hold the law constitutional, leaving it to the supreme court to settle.

Proceedings in mandamus will be begun today and Attorney Mackay hopes to have the record in the supreme court on appeal within one week.

The strong point relied upon by Attorney Mackay is the alleged defective title of the primary election law. He argues that the law in effect elects supreme and superior court judges, in that the names of only the men who are nominated are to be printed on the elective ballots. This, in practical workings, elects the judges at the September primaries, as there will be no names of opposition judicial candidates on the November ballots. The attorney general will appear in the supreme court in defense of the law.

DEMANDS DAMAGES.

CLEVELAND, Oct. 29.—Because he returned to the house in which he was shot in the ear, while in the act of lurching after rifling it, to demand damages from the owner of the looted house, Frank Proveck now finds himself behind the bars charged with burglary and larceny.

After filling a bag with silver and other valuables, Proveck sat down to eat a cold lunch in the home of Paul J. Beitt last night. Beitt returned to find the stranger at his board. The burglar blew out the lone lamp, but Beitt fired in the darkness. Three hours later Beitt, roused by a persistent rapping at the door, faced the man, who had escaped.

"You've got to pay me for wounding my ear," the visitor said.

"Well, you've got a nerve," said Beitt.

The man ran, but Beitt and a policeman caught him, and he was locked up.

PLOW MAKER DEAD.

CHICAGO, Oct. 29.—Chas. Deere, head of the great plow works at Moline, Ill., who has been ill in Chicago several months, died at 1:05 o'clock today at the Laeota hotel. He was born at Hancock, Vermont, in 1837.

RACE SUICIDE IN MIDDLE CLASS.

"The sociologists lay the charge of race suicide at the doors of the multimillionaires," writes Anna Steese Richardson in an article on "The Influence of the Business Woman on Home Life," in the November *Woman's Home Companion*. "Why do they not investigate the family conditions in the great middle class, from which are drawn our most successful women? Here they will find the great source of danger to the promulgation of the human race."

"Today it is the young woman—and the mature woman—of the middle class who are turning their backs on the home wherein lies America's hope of future greatness. And for what? To exchange the birthright of womanhood, wifehood and motherhood for the mess of pottage known as a business career. Therein lies the nation's greatest menace—race suicide."
